Dear Parents/ Carer

New Report Format

In light of new guidelines set by Education Scotland, staff have collaborated to review and update our existing format and we would appreciate any feedback on the proposed format.

There is a display in our gym hall and we would welcome your feedback on the format before the class teachers begin to write the reports for your son /daughter. A copy has been placed on our school website also. Throughout the year all our pupils have been tracking their learning with our Sharing our Learning Logs however an end of year report is also required to be written for each of our pupils.

Feedback can also be given on the slip below providing us with any information you would find useful to be included in the school's end of year report.

Thank you for your time and ideas.

Yours sincerely

Marion Given | Head Teacher | St Thomas R. C. Primary School, Keith. 01542 882256
